

Enjoy The Best Of Times With The **Roland Classic Series**

The best of technology, art and tradition have come together to create the exciting Roland Classic Series from Rodgers Instruments. From the dramatic C-330 classical organ designed by Hector Olivera which delivers magnificent sound that defies its compact size, to the authentic, enchanting sound and touch of the elegant C-30 harpsichord, you'll love everything about the new Roland Classic Series from Rodgers.

With both French and Flemish types of harpsichords, each with four dispositions, the C-30 also features two types of small positive organs and a fortepiano. It is ideal for concerts and chamber groups in church, recital and academic settings.

The C-330 is perfect for home or chapel. Each voice comes with four variations covering a wide range of styles and tastes. It also includes internal sequencer, note-by-note and stop-by-stop voicing, and Rodgers renowned room ambiance feature. Enjoy a variety of different organs ranging from Baroque organs of the 17th and 18th centuries, to large romantic organs that were used in concerts in the 19th and early 20th centuries.
